

Elite Flex Arm Tablet Stand

The Elite Flex Arm features a flexible, adjustable arm with a secure, lockable tablet holder, perfect for commercial settings. It offers easy installation and internal cable management, making it an ideal solution for secure and interactive countertop displays. Available in white and black.

Universal

The Touch tablet stand is suited to all models of iPad and Android tablets courtesy of a simple and minimalist design. Easily secure your device using your choice of two different strong 3M adhesives included with the stand.

Flexible Movement

The Touch Flex Arm stand is built for versatility, perfect for visitor management and POS. Its flexible, 90-degree tilt makes it easy to adjust to your preferred angle for ergonomic comfort, ideal for retail, hospitality, and office settings.

Cable Management

Easily charge your device with internal cable routing through the Touch bracket and down the stand. The cable can either go through the mounting surface or out the back of the stand depending on your use case. Also, all your device ports and buttons are fully accessible with the Touch Flex Arm tablet stand.

Screw Mounting

The Flex Arm securely mounts to your countertop with four wood screws for maximum stability, topped off with rubber plugs for a sleek, finished look.
