ATDEC Infinite Mounting Possibilities

VESA mounting hole pattern:
75x75mm
100x100mm
Also supports 200x100 via additional adaptor plate AC-AP-2010 (Sold separately)

Maximum weight carrying capacity:
20kg (44lbs)

POS desk mount | Height Adjustable | Multi SD-POS-HA

This mounting solution is designed for POS applications, education and public space installations. It features a durable construction with a quality finish and enhanced security. While offering a high level of ergonomic and operational flexibility it can be configured to suit a variety of installation environments. Designed for flat surface mounting, SD-POS-HA can be attached from above or below with concealed screws. It includes internal cable management with multiple exit ports. In addition to offering vertical and lateral rotation adjustment, the product allows for screen rotation and universal tilt/pan adjustment. A lockable quick-release mechanism provides easy display maintenance while adjustable tension settings enable touch screen operation. An optional accessory kit provides support for a dual screen back-to-back configuration to suit high density installations.

Product key features:

- Superb security features make this mount ideal for point of sale or any other public space environment
- Suitable for touch screens
- Height adjustable to suit multi-user environment
- Can be upgraded to a back-to-back dual monitor configuration
- Durable steel and aluminium construction
- Advanced cable management
- Comes with all mounting hardware
